

Benefitplace™ Verification Services

Reduce wasteful spending and protect your benefits – without the added hassle.

Ensuring that you only cover eligible dependents is critical to the financial – and legal – stability of your benefit plans.

But for most benefit teams, determining eligibility can be a long, tedious and overwhelming effort. It can also lead to tension with employees if not handled carefully.

Benefitplace™ Verification Services are here to help make things as painless as possible. Offering both one-time dependent eligibility audits and ongoing verification, our expert team takes the work off your plate to efficiently protect your plan rules and find opportunities to save your company money.

EXAMPLE SAVINGS OPPORTUNITY	
2,000	Number of enrolled dependents
\$4,570	Average annual cost per dependent
4 - 9%	Estimated ineligible dependents
\$820,000	Potential savings

One-Time Dependent Eligibility Audit

Sit back and save. We'll handle the end-to-end project management of your audit, including:

- ✓ Employee communications (initial announcement, reminders and dependent removal notifications)
- ✓ Collection and verification of documents
- ✓ Status updates and reporting
- ✓ Removal of unverified dependents from Benefitplace
- ✓ Formal audit results

Ongoing Verification

Grow your team without adding headcount. We'll take on the day-to-day processing and reporting associated with your unique eligibility rules configured in Benefitplace. This service includes ongoing dependent verification, new hire and life event administration, and email and print communications to notify employees of document submission deadlines.
